BRIEF REPORT

On September 3rd, 2019, Kurukshetra University Technology Incubation Center(KUTIC) opened its first activity in Kurukshetra University's Senate Hall in the presence of Prof.Kaislash Chandra Sharma, Vice-Chancellor, KUK, Prof.Manjula Chaudhary, Nodal Officer RUSA and Dean, Academic Affairs and Speaker of the day, Dr. Anil Jain, President, Vaiseshika Electron Devices, Ambala Cantt. along with the Members of Project action Group namely Prof.Anurekha Sharma, Prof Anita Yadav, Prof. Anil Mittal, Dr.HardeepAnand and Ms Reeta Devi.

Prof. Manjula Chaudhary, Dean Academic Affairs and Nodal RUSA, apprised the audience about the objectives and outcomes of this component and reiterated the need for the hour to be job creators rather than job seekers. Followed by Prof. Anurekha Sharma, Coordinator KUTIC, gave an account of the activities to be carried out at the Technology Incubator Center, which are: development of nursery incubators by organizing student innovation competition, organization of expert talks and workshops and incubating startups. Then center's activities were kicked off by unveiling the Innovision 2019 poster followed by inaugural address by chief guest of the event, Prof. Kalish Chandra Sharma, Vice-Chancellor, KUK. In his speech, the Vice-Chancellor called on the students to think out of the box and simply not rely on bookish information. He urged them to innovate to meet local needs, and thus contribute to making in India.

The keynote speaker of the day, Dr. Anil Jain, in his talk entitled "Innovation: Locomotive Engine for Young India Development," said that the shrinking job market and the weakening of the economy made the situation very difficult for newly qualified engineers and scientists. He said he is here to answer students' concerns and show them the road map to turn their persona from an ordinary young Indian citizen to an ambitious Indian nation-builder. He shared, innovation will transform you into Big Bazar's Kishore Biyani or the Amazon's Jeff Bezos. He also motivates students, why not produce at least ten innovators a year at this Kurukshetra University, who can then become entrepreneurs who will provide jobs for 150 people within two years. He said, if you have the idea; the technology has your information leverage device. You have the power to transform from career seeker to career provider. It

can happen only if you agree to travel in your Life, right from today, from compulsiveness of seeking a job to the consciousness of becoming a Job Provider. In his final words of the event, he said "Innovation is the Locomotive Engine of Wealth Generation in the industrial and business world today" The event closed by felicitating the speaker and vote of thanks.
