

16.2.2023

RUBARU with Mr. Arun Verma

Kurukshetra University Technology Incubation Centre (KUTIC) organized a captivating event titled "RUBARU" on February 16, 2023. The event featured an invited talk by Mr. Arun Verma, an Independent Consultant at Pioneer and a Senior Assessor in Food Safety, who shared his invaluable insights on "Innovative Approaches in Food Processing."

The event was graced by the presence of Dr. Tarvinder Jeet Kaur, the Chairperson of the Department of Home Science at Kurukshetra University Kurukshetra, who presided over the talk. Mr. Verma's presentation was a journey through his extensive experience in setting up a food processing plant, offering a comprehensive overview of the subject.

What made Mr. Verma's talk stand out was his ability to start from the very basics and gradually delve into advanced concepts, ensuring that the audience, consisting of approximately 60 enthusiastic students, could grasp the information at every step.

During her presidential remarks, Dr. Tarvinder emphasized the significance of leveraging the expertise in home science to kickstart ventures in the food processing industry. The event not only provided valuable knowledge but also served as an inspirational platform for aspiring entrepreneurs and students interested in the innovative field of food processing.
